The UCLA Fielding School of Public Health acknowledges the Gabrielino/Tongva peoples as the traditional land caretakers of Tovaangar (the Los Angeles basin and So. Channel Islands).

As a land grant institution, we pay our respects to the Honuukvetam (Ancestors), 'Ahihirom (Elders) and 'Eyoohiinkem (our relatives/relations) past, present and emerging.

FROM THE **PRESIDENT**

Congratulations, UCLA Class of 2021!

It is my honor to join your family, friends, and the entire University of California community in celebrating you and your wonderful accomplishment. Amid historically challenging circumstances across the globe, you have worked hard, persisted, and persevered in pursuit of your UC education.

I hope you will always take great pride in what you have achieved at the University of California, and in being a part of the UC family for life. This great university will always be a part of you, and UC will always be indelibly better for your time here as students.

UCLA alumnus and American hero Jackie Robinson once put it this way: “A life is not important except in the impact it has on other lives.” You leave UCLA with the knowledge, skills, and confidence you need to go out into the world and create your future—and to change our planet for the greater good of all.

Your graduation is a milestone reflecting your resilience, your strength, and limitless hope for the future. The world faces unprecedented challenges. You are the leaders who will help heal what is wounded and right what is wrong. As you embark on this journey, know that you are ready. We are behind you, cheering you on, and wishing for ease, joy, and fulfillment in the path ahead of you.

Go forth, Bruins, and make the world a better, brighter place. *Fiat lux* – let there be light!

Michael V. Drake, MD
President
University of California

FROM THE CHANCELLOR

Congratulations, Class of 2021!

Graduation is the culmination of many years of determination, diligence and hard work. I hope you are proud of all that you have accomplished, and that your time at UCLA has broadened your horizons, deepened your relationships, strengthened your skills and helped you grow as people.

I also encourage you to take time to honor those who helped you on your journey and have been rooting for you from the start — your family, friends, mentors and peers.

You are entering an era that needs your creativity, brilliance and passion. This pandemic has taught us important lessons about vulnerability and inequality, but also about service, empathy and community. As we recover from the pandemic, you are well-equipped to contribute to the creation of a more prepared, more resilient and more just society.

At UCLA we affirm values of compassion and inclusion, careful research and thoughtful analysis, innovation and collaboration. Those are the very virtues that will serve you as you make your way through this challenging moment and beyond.

This UCLA community you have been a part of, the community you helped create, and the broader alumni community you are now joining will be with you always. May they give you strength and inspiration.

Congratulations once again. We can't wait to see where you'll go from here.

Fiat lux,

A handwritten signature in black ink that reads "Gene D. Block". The signature is fluid and cursive.

Gene D. Block, PhD

Chancellor

University of California Los Angeles

FROM THE DEAN

Dear UCLA Fielding School Class of 2021,

I am honored to be with you on this momentous day and to offer my sincere congratulations on your graduation from the UCLA Fielding School of Public Health!

It is your dedication, ingenuity, resilience, and optimism that have made today possible. In the midst of a global pandemic you continued to learn, conduct research, and engage in fieldwork and advocacy. And your unwavering commitment to public health was on full display as you balanced your numerous academic and personal responsibilities with actively engaging in the fight against COVID-19. All the while, you found new ways to participate in and strengthen our school community.

When I think of what is necessary for our global community to make it to the other side of COVID-19, what I know for certain is that we are more likely to reach our goal line because of you.

Today marks the day that you formally join the generations of UCLA Fielding School of Public Health alumni who are leading and innovating public health here in Los Angeles and around the world. I am confident that you will envision and build bold solutions, and that every community you are a member of will be stronger, healthier, and more equitable because of you.

I wish you good health, happiness, success, and boundless joy on your journey.

Congratulations!

Ron Brookmeyer, PhD
Dean
UCLA Fielding School of Public Health

OUR KEYNOTE SPEAKER

Elaine Batchlor, MD, MPH '90
Chief Executive Officer
MLK Community Healthcare

Dr. Elaine Batchlor is the Chief Executive Officer of MLK Community Healthcare, a health system that includes a state-of-the-art private safety net hospital, the MLK Community Medical Group, community and population health programs, and a fundraising foundation. Batchlor's innovative work to increase access to quality healthcare for underserved populations has been recognized nationally, earning her membership in the prestigious National Academy of Medicine, an academy committed to advancing science and health equity. In 2019, she was recognized as an Irvine Foundation California Leader.

Before assuming leadership of MLK Community Healthcare, Batchlor served as Chief Medical Officer of L.A. Care Health Plan, the nation's largest public health plan providing care for a safety net population. She has also served as Vice President at the California Health Care Foundation, where she developed and oversaw research, policy analysis, and programs aimed at improving health care financing and delivery in California. Early in her career, Batchlor served as Medical Director for the Los Angeles County Office of Managed Care and as a Chief Medical Officer for Prudential Health Care.

As a thought leader in the healthcare industry, Batchlor is a member of the Zetema Project, a group of national health experts focused on improving policy and business decisions in the US healthcare system. She is a member of the Board of Directors of the California Hospital Association and the Hospital Association of Southern California, as well as The Integrated Healthcare Association and Insure the Uninsured Project. She serves on the *Health Affairs* Editorial Board and is an Advisory Board member for the UCLA Fielding School of Public Health and the Hospital Quality Institute, among others. A Harvard alumna, Dr. Batchlor serves the university as an interviewer for the Los Angeles area.

Batchlor holds a Bachelor of Arts degree from Harvard University, a Masters of Public Health from the UCLA Fielding School of Public Health, and a Doctorate of Medicine from Case Western Reserve University. She is board-certified in both internal medicine and rheumatology.

UCLA FIELDING SCHOOL OF PUBLIC HEALTH STUDENT PLEDGE

- ✦ We are graduating into a world with growing unrest, violence and a loss of discourse.
- ✦ We, as public health professionals, should not shy away from the difficult conversations.
- ✦ We cannot hope to address prevention without acknowledging the interconnected systems and policies that have led to the isolation and disempowerment of vulnerable populations.
- ✦ We must examine whether we are actually changing these systems to be more equitable or simply maintaining the status quo.
- ✦ We should now strive to put at the center of our work the voices of those most vulnerable.
- ✦ We should strive to empower communities, to place people over profits, to understand that our Earth is not a place with infinite resources.
- ✦ We must strive to create inclusive environments that honor our diversity.
- ✦ As the future continues to be uncertain, as we face unknown crises, we leave this university with the tools and experiences to be brave in raising our voices, in questioning the status quo, in breaking down silos, and building diverse, impactful, and just coalitions.
- ✦ This is our pledge.
